

Letter of Thanks To Placement.....

Grace Fletcher

Thank you so much for giving me the opportunity to serve at Wetherby this year. Thank you for the investment you have put into me through time, love and spiritual leading as well as support.

It has been a journey which helped me so much to grow and learn more about God and myself. I have been stretched in thinking, practise and serving.

I am sorry for times when I made silly mistakes or not given my all, but id like to say I feel privileged to have had this year to serve and receive.

I thank God for your gracious hearts and empowerment you put into young people like myself.

All the best, God bless stay in touch bruv Gracie
